23andMe, Inc. operates as a personal genetics company dedicated to helping individuals understand their own genetic information by using recent advances in DNA analysis technologies and web-based interactive tools. The company's Personal Genome Service® enables individuals to gain deeper insights into personal ancestry, genealogy and inherited traits. 23andMe's genetic service includes reports such as Carrier Status, Wellness, Ancestry, Traits, Share and Compare, and DNA Relatives. The company focuses in the fields of human genetics, genomics, bio-ethics and bioinformatics.
