AKA: SpaceX, the company designs, manufactures and launches advanced rockets and spacecraft. The company's products include Falcon 9, which is a two-stage rocket and Dragon, a free-flying spacecraft. In 2010, SpaceX became the first commercial company in history to send a spacecraft into orbit and return it safely to Earth. In May 2012, SpaceX again made history when its Dragon spacecraft became the first commercial vehicle to successfully attach to the International Space Station, something previously accomplished only by governments.

Key Management

Elon Musk

CEO, CTO, Director
