FKA: Healthcare Quality Catalyst LLC and FKA: HQC Holdings, Inc, operates as a data warehousing, analytics and outcomes-improvement firm that enables organizations to develop comprehensive and fully integrated suite of healthcare data warehousing and process outcomes improvement. Health Catalyst's enterprise data warehouse (EDW) and analytics platform helps improve quality, add efficiency and lower costs. The company uses a late-binding bus architecture allowing for the adaptive data model to be agile, flexible, and implemented in a matter of weeks compared to the months or years traditional approaches require.
