AKA: Unity Technologies, Unity Software provides multi-platform game development platform for web, personal computer, Mac, Wii and iPhone. The Company offers a professional solution that combines a development platform with a 3D game engine in a software package. The software package is designed to build performance 3D and 2D interactive content including console quality browser games, iPhone and Nintendo Wii games. Unity Software also offers solutions in the areas of ads, analytics, collaboration, cloud builds, multiplayer, and performance reporting.
